**Total NCCDPHP
Funding: FY 2014
\$6,499,803^e**

STATE SNAPSHOT

Connecticut

Connecticut Department
of Public Health

Top 5 Public Health Priorities

1. Addressing health disparities and inequities with a particular focus on infant mortality and low birth weight
2. Building a comprehensive, coordinated chronic disease program that includes injury prevention
3. Integrating public health and primary care
4. Remaining focused and strategically realigning programs to provide core public health functions with the same or potentially less funding
5. Implementing a federally compliant vital records birth registry system
